Vineyard Services Program 2017

1. **Cost.** Your particular cost for services is determined on a custom basis that is evaluated based upon (but not limited to) the following considerations: your location in relation to our primary service area; vineyard size/number of vines; type of trellis system; condition of vineyard; age of vines; special needs. Based upon the foregoing considerations, a written proposal will be provided you that states the biweekly fee that MHV will charge for proper care of your vineyard.
2. **Service Interval.** Your vineyard will be serviced every two weeks (not twice per month). However, you will be billed monthly by emailed invoice.
3. **Service Scheduling (day).** Your vineyard will be scheduled for service on a specific day of the week (not including Saturday or Sunday). We will try to honor your request for a specific day if it is available.
4. **Service Scheduling (time).**
 - Vineyards will be scheduled for service at a time that fits best for our schedule so that we can place your vineyard in an order that makes sense for our daily travel schedule. We will try to honor your request for a specific time frame during your service day if that timeframe is available.
 - We will provide you with a 2-hour window of when we expect to visit your vineyard on your assigned day, if requested. We hope to have your assigned service time-frame remain stable, but such can change due to future schedule changes, inclimate weather, etc. In any case, we will advise you of any change.
5. **Treatments included:**
 - Bi-weekly antifungal spray (powdery mildew)
 - Annual systemic insecticide (GWSS/Pierce's Disease)
 - Specialty treatments, as needed
6. **Services included:**
 - Periodic pruning throughout the growth season
 - Vine management
 - Leaf thinning as needed
 - Fruit thinning as needed
 - Trellis maintenance and repair (replacement parts extra)
 - Installation of specialty materials such as bird netting, scare tape, etc.
7. **Not included:**
 - Annual Pruning - Your annual pruning must be specially scheduled and the cost will be charged for the number of vines and the clean-up requirements.
 - Weeding
 - Cost of trellis replacement parts, supplies, materials
 - Cost of replacement vines
 - Bird netting and other specialty materials
 - Harvest
 - Winemaking
